The history of our 100 years

The company was founded in Gemonio on **April 1, 1926**, by Anselmo Quadrelli and Teresita Luraschi. According to the notarial deed, Anselmo Quadrelli ceded to the company a piece of land he owned, on which stood the famous "**Ca' Rossa**", where the production of hand tools began.
In **1930**, after Anselmo Quadrelli's departure from the company, its name was changed into "**U**tensileria **S**ocietà Anonima Gemonio" (**USAG**).

1937 marked a crucial turning point: **USAG was acquired by Hermann Amos**, of German origin, born in Aquileia and residing in Milan, who began expanding the plant. After his death in **1947**, his son **Giulio Amos** became the owner of the company, position that he held until **1991**, when **USAG** became part of Facom Group.

USAG's success and values are certainly attributable to the entrepreneurial genius of **Giulio Amos**, who was able to guide the industrial development of Italian manufacturing during the years of the economic boom, providing tools of quality and reliability equal to those produced in Germany at the time.

Part of
STANLEY Group

The SBD
Group
2010

In **2006**, the American STANLEY Group acquired Facom, and with it, **USAG**. This marked the beginning of the company's new multinational dimension. The next step came in March **2010**, with the formation of the StanleyBlack&Decker Group, born from the merger of the American companies STANLEY and Black&Decker—a structure that still exists today and operates in the market.

Thanks to the solid position acquired over decades of intense activity, **USAG** has been able to play a leading role in the context of industry globalization, maintaining its identity, brand, and operational autonomy. The synergies produced in this context have contributed to the company's growth through the optimization of production and the sharing of technological, logistical, and marketing expertise.

We are part of the multinational group StanleyBlack&Decker, the world's leading tool manufacturer group.
Our mission is to serve our clients in the best possible manner, both in the Automotive (vehicle repairs) and Industry sectors, in the handicraft and manufacturing compartment.
USAG's values are innovation, quality and customer satisfaction. Being part of StanleyBlack&Decker enables us to keep these values alive, thanks to the group's resources and competencies.

Gemonio and Monvalle sites, have obtained the **OHSAS 18001:2007** and **ISO 14001:2015** certifications that guarantee the evaluation and reduction of risks for safety and its environmental impact and commitment to the continuous improvement. They are also **SA 8000** certified (Social Responsibility), a standard recognized at an international level that ensures that the products/services have origin, are manufactured and distributed in compliance with the human rights at work, both internally and throughout the whole supply chain. The production site of Gemonio is also certified according to **ISO 9001: 2015**, which guarantees high quality standards for products and processes.

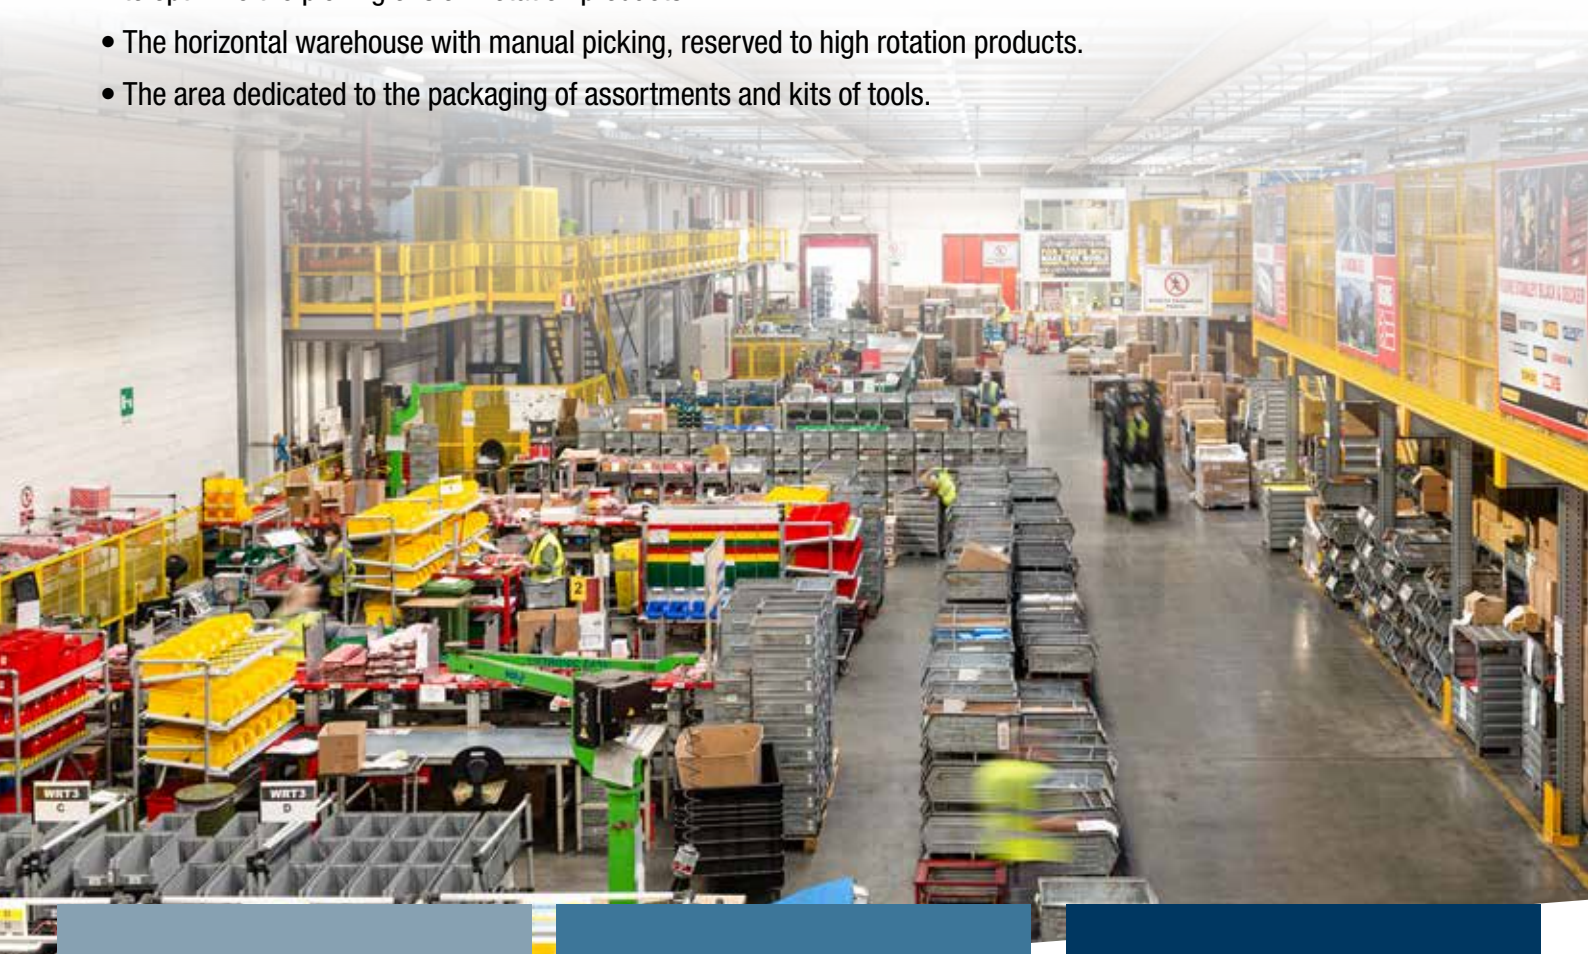

At Stanley Black & Decker we're working towards being ECOSMART™. This means that we are committed to improving the sustainability of our operations, our products, our communities, our suppliers and our customers. Moreover, it means that we are vigilant about our sustainability initiatives, and place a priority on maintaining an open dialogue with all of our stakeholders. Our ESG strategy is built on three pillars (people, product, and planet) and includes a series of commitments aligned with the United Nations Sustainable Development Goals (SDG): reducing emissions, achieving Zero Waste to Landfill, prioritizing the reduction and elimination of plastic, and improving the sustainability of packaging.

Distribution center

The **Distribution Center** of Monvalle (VA) ships USAG products in Italy and in all countries of the world, from Chile to Japan.

It consists of three main souls:

- The fully automated high-tech vertical warehouse, with multiple pickers operating at the same time, able to optimize the picking of slow rotation products.
- The horizontal warehouse with manual picking, reserved to high rotation products.
- The area dedicated to the packaging of assortments and kits of tools.

ONLY USAG CAN OFFER THEM!

324
SCREWDRIVERS

THREE-MATERIAL GRIP
Outside part in polyurethane resistant to oils and chemicals Body in polyamide resistant to the efforts.
Inside part in high density polyamide for perfect coupling with the blade.

SOFT GRIP COATING
Better comfort during the use.
Greater transmission of the torque.

ANTI-ROLLING SHAPE

REINFORCED BLADE
Chrome Silicon Vanadium steel that allows the best mechanical resistance.

TOP PERFORMANCE TIP
Zinc finish. Perfect shape.Treatment against corrosion.

PAGE 128

YouTube

237 A
REVERSIBLE RATCHET WITH SEALED MECHANISM IP51

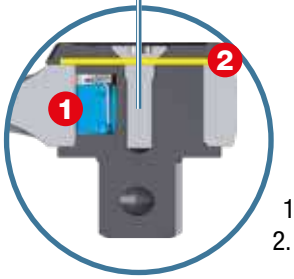

Inversion system integrated into the cover

Head thickness reduced, compared to standard models

YouTube

PAGE 82

IP51
PROTECTION FROM DUST AND WATER

1. New patented pawl.
2. Protective diaphragm.

CONICAL HANDLE
in anti-slip bimaterial.

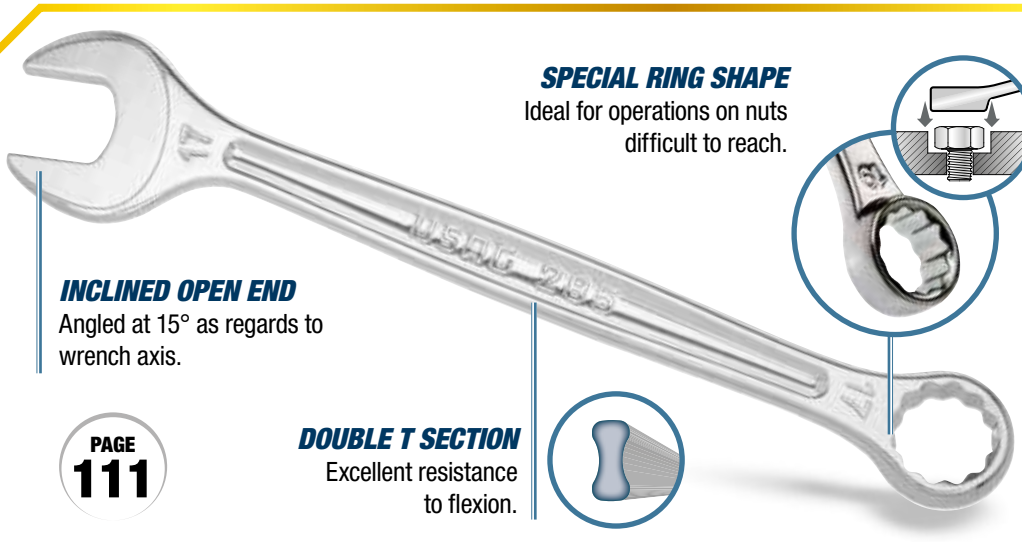

TOP PERFORMANCE

1. Static torsion test:
+ 30% torque compared to the value required by ISO rules 3315 because of the patented pawl.

2. Endurance:
lasts twice than the other ratchets on the market because of IP51 protection.

ICONIC PRODUCT

285 Combination wrench

SPECIAL RING SHAPE
Ideal for operations on nuts difficult to reach.

INCLINED OPEN END
Angled at 15° as regards to wrench axis.

DOUBLE T SECTION
Excellent resistance to flexion.

PAGE 111

YouTube

TOP PERFORMANCE
Resistance to static torsion of ring and open end: **+ 50% respect to ISO rules 1711-1.**

280 T T-keys with hexagonal male

YouTube

SPECIAL CHROME VANADIUM STEEL

FIX BAR
Maximum resistance.

PAGE 103

USAG KEY

OTHER KEYS

GUARANTEED SAFETY
- + 30% resistance to torsion compared to ISO 2936 rules
- When the breaking torque is reached, the key will deform without breaking.

207 E Professional scissors for electricians

THE ONLY ONE WITH INTEGRAL STAINLESS STEEL STRUCTURE
Flexural strenght 180 Kg.

CUTTING CAPACITY
up to 50 mm²

BUILT-IN WIRE STRIPPE
1. Stripping.
2. Crimping.

CABLE CUTTER ON BOTH BLADES
Suitable for multi-core cables.

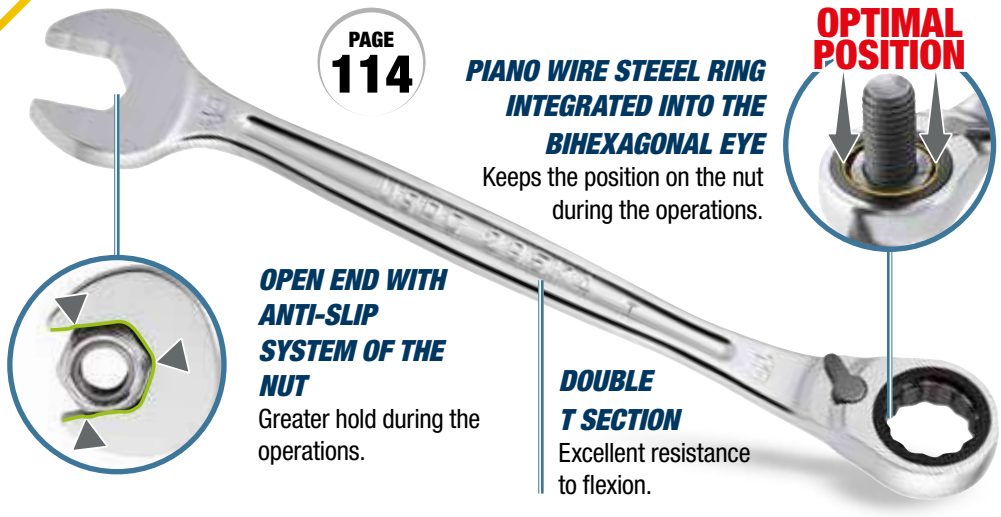

MICRO ANTI-SLIP TOOTHING

YouTube

PAGE 64

285 KA Reversible ratchet combination wrenches with locking ring

PAGE 114

PIANO WIRE STEEEL RING INTEGRATED INTO THE BIHEXAGONAL EYE
Keeps the position on the nut during the operations.

OPEN END WITH ANTI-SLIP SYSTEM OF THE NUT
Greater hold during the operations.

DOUBLE T SECTION
Excellent resistance to flexion.

YouTube

STRONG RATCHET

Resistance to static torsion of the ratchet: **+50% compared to the value required by ISO rules 1711-1.**

150 AX Combination pliers

Can cut up to 2 mm piano wire with 30% less effort in comparison to the maximum value stated on the European rules ISO5749 (cutting nippers) - ISO5746 (pliers).

PAGE 56

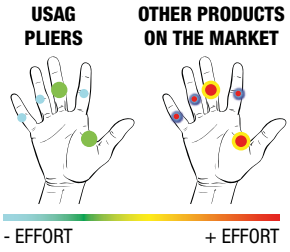

YouTube

CUTTING EDGES WITH INDUCTION HARDENING
for maximum efficiency in cutting the piano wire.

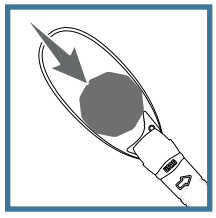

FULCRUM CLOSER TO THE CUTTING EDGES
to reduce effort during cutting operations.

ERGONOMIC BIMATERIAL GRIP

Minimum effort resulting from the studies on muscle strain made by the prestigious US Ergonomics Institute.

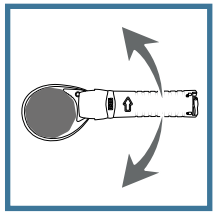

443 N Fast oil-filter wrench

AUTOMATIC BELT CLAMPING

LEVER TO INCREASE CLAMPING POWER

RATCHET EFFECT
Quick and easy to use even in narrow spaces.

6 AND 7-DRAWER CABINETS

Base module with drawers featuring ABS handles.

SERVICE BASE FOR PAPER AND WASTE

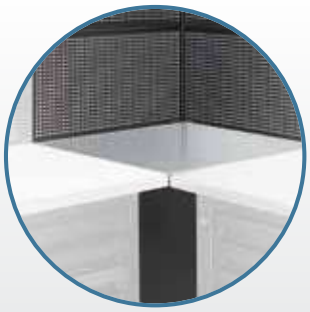

Drawer for waste and integrated paper roll holder.

SINGLE OR DOUBLE DOOR CABINETS

Width 500 and 1000 mm with included internal shelves

CORNER ELEMENT WITH PANELS

Simple module with panels for 90° corners.

ADD THE ACCESSORIES

DRAWER ON WHEELS UNDER THE MODULES

Allows optimal use of the space between risers.

POWER TOOL RACK

To keep your battery or air tools always within reach.

LED LIGHTING

To illuminate your work surface and enhance visibility.

WORKBENCH SYSTEM 506

TOP RESISTANCE AND STABILITY

YouTube

2 M COMPLETE WORKSTATION

506 KA/KL

PAGE 178

Lock system on drawers and compartments

- 2 drawers 830x550 mm
- Compartments with double door and lock
- Possibility to hang 516 accessories in the lateral sides
- Static load capacity: 2000 kg

All models are available with worktop in steel (thickness 3 mm) or multilayer wood (thickness 30 mm)

WORKBENCHES WITH DRAWERS

506 TAC/TLC

Drawers with large storage space, mounted on high quality slides

Internal drawers dimension:

- L 1000/L 2000 = 830x550x110 mm
- L 1500 = 1.280x550x110 mm

PAGE 181

WORKBENCHES WITHOUT DRAWERS

506 TA/TL

Sheet-steel uprights, thickness 1.2 mm, for maximum resistance

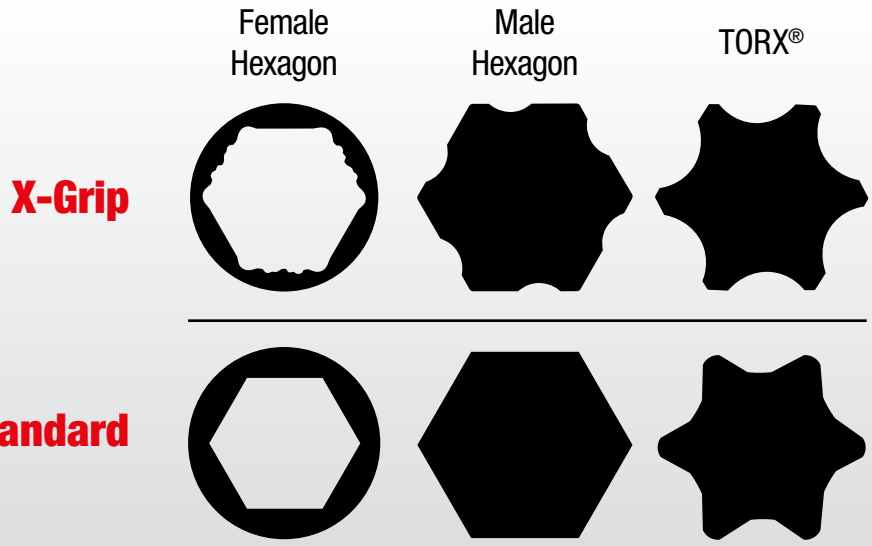

Static load capacity on worktop:

- L 1000 = 1.000 Kg
- L 1500 = 1.500 Kg
- L 2000 = 2.000 Kg

All models have screw holes. You can fix the workbench to the floor or placed side by side.

IL PROFILO X-GRIP

THE ADVANTAGES

Effective on both new and heavily damaged screws.

Transmits greater torque compared to a standard profile.

Prevents damage to the screw profile.

GUIDE TO CHOICE

NOSE	SYMBOL	FEATURES
FLAT		• Wide nose for larger gripping surface • Ideal for handle and place electronic components (eg resistors, capacitors) • Suitable also for car repair (mechanical or electrical), micromechanics and model-making
HALF-ROUND		• Tapered nose for precise grip • Ideal for handle and place electronic component feet and small items during welding or assembly • Suitable also for car repair (mechanical or electrical), micromechanics and model-making
ROUND		• Pointed and thin nose for precision works or for use in places difficult to reach • Ideal for shaping the copper wire or to use in conjunction with flat-nose pliers during welding operations or assembly

021/5 ISO 9654 ASME B107.500

- Flat nose to work on delicate surfaces without damages
- Parallel jaws for a perfect contact with the surfaces
- The internal design of the jaws allows to work perfectly on hexagon without damages
- Metric scale for a precise set-up
- Smooth jaws (17 mm) for the best accessibility
- 20 positions rail with push button opening
- Quick adjust closing system: not needed to press the button
- Free movement of jaws allows to work with ratcheting effect
- Forged chrome vanadium steel with chromed finishing
- PVC covered handles

NEW SOCKET 234 X PROFILE X-GRIP

ADVANTAGES:

- Effective on both new and heavily damaged screws.
- Transmits greater torque compared to a standard profile.
- Prevents damage to the screw profile.

SOCKET 235 X PROFILE XGRIP

ADVANTAGES:

- Effective on both new and heavily damaged screws.
- Transmits greater torque compared to a standard profile.
- Prevents damage to the screw profile.

235 1/2" X

ISO 2725-1

Esagono bussole con bocca esagonale speciale X-Grip

- Special hex mouth: perfect grip on new and damaged hexagons
- Bocca esagonale speciale X-Grip: presa perfetta su esagoni nuovi e danneggiati
- Utilizza esagonali e trasmette coppia maggiore rispetto a una bussola standard, senza rovinare il profilo esagonale
- Special Chrome Vanadium steel
- Acciaio speciale accuratamente legato al Cromo Molibdeno
- Esecuzione cromata

YouTube

272 CS

Conical sockets to center/extract (3 pcs.)

- They provide an excellent grip on the head of the locking nuts and screws
- To be used as a centering socket in case of drilling the head of the locking nut or screw
- 17 mm hexagonal drive
- Conical sockets inside diameter: Ø 19 mm - 21,8 mm - 25 mm
- Phosphated finishing

code		€
U02720003	1	80,50

272 EX

Extractors with hexagonal drive (2 pcs.)

- To be inserted on the head of the locking nuts and screw with swivel ring after drilling with bits 272 P
- Extractors with hexagonal connection tested to withstand over 150 Nm (well beyond the tightening torques declared by the manufacturers locking nuts or screws)

L mm	code		€
75	U02720004	1	20,00

272 P

Special tungsten carbide tips (2 pcs.)

- Diameter Ø 8,7 mm
- Clockwise rotation
- Adjustable stop ring for millimeter precise drilling depth
- To be used only with a drill without impact
- Do not exceed 750 rpm to safeguard the tip life
- During use, it is recommended to refrigerate with cutting oil

ARTICULATED JOINT

Keep the socket in fixed position

- Friction-spring to allow presetting of the socket at the desired angle.
- Socket and joint fixed with a riveted steel pin for great stability.
- Designed and manufactured according to UNI 6743 rules.

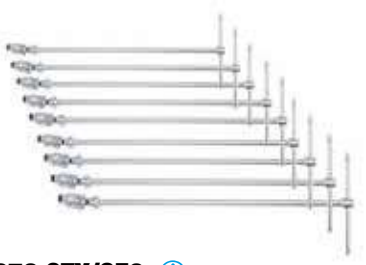

276 CTX

HEX KEYS 280 X PROFILE XGRIP

ADVANTAGES:

- Effective on both new and heavily damaged screws.
- Transmits greater torque compared to a standard profile.
- Prevents damage to the screw profile.

280 X

XGRIP

Angled hexagon keys with spherical head and special profiles X-Grip

- Special design of the hexagon allows you to grip the damaged hexagons recessed up to 92%
- Model giving a working angle of up to 25° with respect to the axis of the screw
- Highly alloyed special steel
- Zinc phosphate plated for high corrosion resistance

ICONIC PRODUCT

285

Combination wrench

YouTube

Inclined open end
Max accessibility.

Double T section
Excellent resistance to flexion.

Special ring shape
Ideal for operations on nuts difficult to reach.

D 285

ISO 7738

ASME B107.100

Reversible adjustable wrenches with handle

- In the standard position it can drive a hexagonal profile
- By reversing the movable jaw, it can drive a round profile
- Large capacity: opening +20% compared to the standard
- Double graduated scale: millimetres and inches
- Ergonomic bimaterial handle
- Head angled at 22°
- Steel roll
- Hanging hole
- Chrome plated finish

Deburrer - Calibrator

- For multilayer pipes
- Dual function: calibration and internal deburring
- Recalibrates the internal diameter of the tube after cutting
- Makes the internal deburring for more precise fitting
- It allows to work on 4 different diameters (16-20-26-32 mm)
- Steel body (95 HrB)
- Plastic handle

Suction gun

- Steel body
- Ideal for suction and dispensing (filling) of oil, antifreeze, power steering oil etc.
- It's possible to clean the inner tube by unscrewing the back cover under the lever
- Steel tube Ø 57 mm
- ØxL mm steel nozzle: 10x12 mm
- Internal part of syringe is lubricated with a light layer of oil and grease, to avoid rust and guarantee the functionality of the internal components
- Supplied with: 2 PVC pipes, length 75 mm and 310 mm, both with external Ø 15 mm and internal Ø 10 mm; 1 metal tube 156 mm long (external Ø 10 mm and internal diameter 6 mm)
- The function of the metal tube, once inserted inside the PVC tube, is to ensure precise aspiration or input of the chosen liquid

456 1/4"

Impact socket extractors with special profile

- Ideal for removing broken studs, bolts, screws, nuts, and other fasteners that cannot be extracted with standard tools
- Patented special non-tapered internal profile, capable of fully gripping the component to be extracted
- Usable in both clockwise and counterclockwise directions, unlike classic tapered helical sockets
- The threaded pin allows rapid ejection of the extracted part, without the need for hammering or prying
- M3.5 threaded pin for sizes 4-5-6 mm, M6 for sizes 7-8-9-10-11-12 mm
- Also suitable for use with impact drivers
- If necessary, the socket can be driven onto the component by hammering the hexagonal surface
- Equipped with a driving hexagon, so they can also be operated with a combination wrench
- Laser-engraved size marking for better visibility
- Chrome-molybdenum steel
- Blackened finish

Extractor for broken or recessed screws or threads

- Ideal for removing recessed screws or threads, completely blocked or damaged
- Special non-tapered self-aligning profile, capable of fully gripping the screw or broken recessed thread
- Protects threads and does not deform the seat during removal of the screw or broken recessed thread
- In case of extreme need, it is recommended to drill using the recommended bit diameter (use the reverse function on the drill)
- The threaded pin allows rapid ejection of the extracted part, without the need for hammering or prying
- Highly alloyed special steel
- Designed to be used with a hammer, wrenches and pliers, gripping the hexagonal surface
- Laser-engraved size marking for better visibility
- Chrome-molybdenum steel
- Blackened finish

472 AN

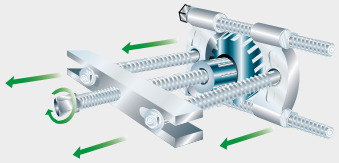

Separators

- For extracting parts which do not allow use of traditional extractors. Inserted between the object and its seat, creates distance between the parts. The extraction can then be completed by connecting the separator to a bar-type puller 472 N
- Special Chrome Molybdenum steel pression screws
- Special Chrome Molybdenum steel body
- Chrome plated finish

Bearing separators 472 AN fit behind the part to be pulled out, when the jaw ends of conventional pullers cannot pass.

Mechanical screw separator and puller

SAFETY

For extractions with separators and pullers do not use impact wrenches.

Separator and puller with manual hydraulic assistance

- Puller used with 466 N hydraulic jack
- To be used only with pullers and separators 472 AN (4-5) and 472 N (4-5)

472 N

Bar-type pullers for separators

- Model with sliding legs for use in combination with separators 472 AN
- Supplied with two Chrome plated inserts, nuts and washers
- Special Chrome Molybdenum steel pression screws
- Special Silicon-Manganese steel body
- Chrome plated finish
- Spare inserts: n°1: U.53R1L; n°2: U.53R2L; n°3: U.53R3L; n°4-5: U.53R4LA

GUIDE TO CHOICE

BOXES 609
TOP CHOICE

- Compact bimaterial box
- Socket housing with size engraved inside

PAGE 256

YouTube

When closed, the box has the same dimensions of a tray for roller cabinets

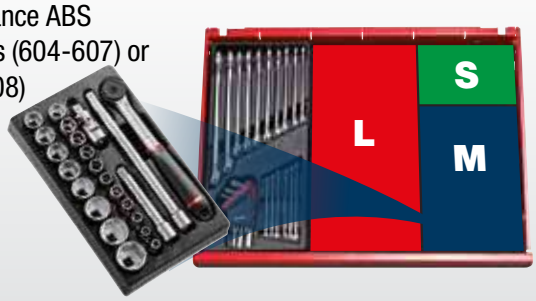

BOXES 604-608
The complete range

- Boxes in high resistance ABS
- Inside tray in plastics (604-607) or in bi-colour foam (608)

PAGE 243

YouTube

The inside tray is studied to be modular and can be stored in USAG roller cabinet drawers

BOXES 601
Quality and convenience

- Preformed plastic box
- Metal closing clip

PAGE 241

YouTube

The boxes are modular with USAG roller cabinet drawers

559 A

Magnetic locking socket holder

- Ideal for keeping organized a set of sockets
- Aluminum body, painted with epoxy process
- Magnetic base protected by a thin rubber layer which avoids damaging the metal surface to which it will be fixed
- Clips with square drive, equipped with ball bearing, to keep the socket locked
- 360° adjustable clips, to quickly identify the socket size
- Possibility to customize the number of clips, removing the plastic parts mounted on the side (up to a maximum of 14 clips)
- Possibility of anchoring the holder to a panel, using the holes located on the lateral plastic parts

Reversible ratchet

YouTube

Certified IP51
Head mechanism protected from dust and water.

Patented internal mechanism
Lasts longer than any other ratchet.

Head thickness reduced
Better accessibility.

NEW BITS 660 X PROFILE XGRIP

660 X

660 XSTX

ADVANTAGES:

- Effective on both new and heavily damaged screws.
- Transmits greater torque compared to a standard profile.
- Prevents damage to the screw profile.

TORQUE WRENCHES 810 SA - 811 SA
WITH DIRECT READING OF THE TIGHTENING TORQUE

AS DURABLE AS FEW. EASY FOR EVERYONE.

At the Gemonio (VA) facility, we have designed and manufactured an innovative torque wrench that combines the extreme durability of our USAG ratchets with the ease of use of the direct torque reading system.

SEALED MECHANISM IP51
1. High-strength pawl
2. Protective diaphragm

TOP PERFORMANCE
72-tooth mechanism with 5° recovery.
Reversal system integrated into the cover. Increased durability guaranteed by the sealed mechanism. **Extreme resistance to static torsion.**

DIRECT TORQUE READING
No longer necessary to learn how to combine the dual graduated scale with tens and units. This system makes torque adjustment simple and quick for everyone.
You can immediately see the set value, and **the numbers are 50% larger** than those on other wrenches on the market.

ADJUSTMENT RING
To set the torque, simply pull back the ring and rotate the handle.
No additional locking system is needed: **the ring automatically returns to its position** and keeps the wrench set to the desired torque.

810 J

ISO 6789

Direct-reading torque wrenches with reversible ratchet

- Click-type torque wrench
- Automatic reset: ready for use immediately after the click
- Adjustable torque for clockwise tightening
- Accuracy ±4% of the set torque value
- Direct reading system: the required torque value is immediately visible
- Mechanism with compression spring
- Steel tube protecting the internal mechanism
- Ergonomic handle
- Square anti-roll adjustment ring
- Supplied in a plastic case
- Includes declaration of conformity and REACH statement

CLICK TORQUE BAR 811 LB

PERFECT MATCH OF ACCURACY AND RESISTANCE

YouTube

ACCURACY ± 2%
Accuracy tested in our factory.

QUICK CONNECTION
9x12 or 14x18 for accessories and ratchet heads

READING SCALE
engraved on the wrench body.

VERNIER
in steel.

CLICK TORQUE SYSTEM
with compression spring.

BIMATERIAL HANDLE
with no-slip grip.

STEEL ADJUSTMENT RING
with automatic return.

RESISTANT
50.000 clicks
Resistance test of mechanism.

As per ISO 6789 Standard, USAG 811 LB click bars are tested one by one in production, before being packaged. These bars can keep an accuracy between ±2% and ±4%, even after 5.000 tightenings.

Straight grinder - 0.3 CV (220 W)

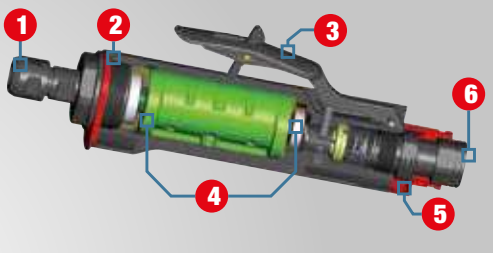

- It can be used for drilling, weld breaking, smoothing the sharp edges as well as for deburring, polishing, grinding, grooving, removing material, sanding etc
- Double bearing system inside to ensure longer service life
- Body and handle in resistant anti-slip material insulated against cold and vibrations
- Adjustable speed
- Snap safety lever
- Supplied with 6 mm collet
- Rear air exhaust
- Spare rotor blades (4 pieces): code N444798
- Spare collet 6 mm: code N444782

characteristics	size
Free speed (rpm)	30000
Power (CV-W)	0,3-220

Reversible straight impact wrench with long anvil (composite material frame)

- Lightweight and balanced for easy use, only 9 Kg
- Reversible model with double hammer
- Long-reach anvil for access in hard to reach areas
- Progressive trigger
- Air exhaust through the handle, at 45°
- 2 tightening torque settings, always maximum untightening power
- Soft-touch bimaterial grip
- Additional soft-touch bimaterial handle allows strong and firm grip
- Socket retaining system on square drive with holding ring and hole to be used with lock pin and safety ring
- Spare rotor blades (6 pieces): code 30M100147

characteristics	size

Professional start booster 12 V, portable

- For intensive professional use
- Emergency starter suitable for 12V motorcycles, cars, vans and commercial vehicles
- Long cables (155 cm) that allow the use of the starter from the ground
- Integrated transformer: no external power supply
- High performance pure lead AGM battery
- LED indicator of the charge status of the starter's internal battery
- To check the state of charge of the vehicle battery, connect the cables and press the TEST button (Red: battery to be recharged/replaced immediately; Yellow: Battery almost empty; Green: Battery full)
- External fuse: overcurrent protection up to 300A
- Straight clamps
- Shockproof ABS shell
- Also suitable for sealed batteries
- Supplied with mins charger (for optimal charging, it is recommended to connect the power plug to a direct power source; avoid multiple sockets)

1785 B

Fluid estractor

- For the extraction of lubricating oil from engine, brakes, gearbox and antifreeze fluids from any type of vehicle (no hydrocarbons)
- It allows a fast and easy replacement of brake fluid on the vehicle directly
- Use: manually using a lever or pneumatic with compressed air
- Compact dimensions and light weight to be used in many sectors: Automotive, Industrial, Marine and Aeronautical
- It allows fast and safe operations even outside the workshop
- Tank and polypropylene structure for high resistance to oils
- Vacuum valve located on the upper side
- Possibility to check the amount of fluid extracted by side marker
- The vacuum inside the tank decreases when the maximum level is reached
- Integrated carrying handle
- Supplied with 4 suction tubes with different diameters and lengths 400xØ 9,5 mm, 700xØ 6 mm, 850xØ 7 mm, 700xØ 6 mm
- Equipped with tube long 150 cm, Ø 16 mm, for the coupling of 4 suction tubes
- Supplied with instruction manual
- Spare tube, long 150 cm Ø 16 mm: code 1004730-69
- Spare tube, long 400 mm Ø 9,5 mm: code 1004730-65

New item

THE MODULAR SYSTEM FOR COMMERCIAL VEHICLES LAY-OUT

EASY TO COMPOSE

All the elements of **Matrix** range are multiples of these modules:

Colors: RED RAL 3020
GREY SIMILAR RAL 7042

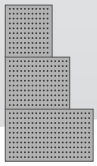

MATRIX's modularity makes possible to combine wheel-bases, drawer chests and shelves with simple and visible rules. That's why **Matrix** easily fits to all needs and vans.

1. Every lay-out starts with the **WHEEL-BASES** available in 8 models, suitable for all types of vans

2. The **DRAWER UNITS** are the heart of Matrix: available in 29 different variants, for drawer sizes and combinations, with a maximum slide load of 20 kg.

3. **SHELVES** are to be placed on top of bases or drawer chests and have 3 different depths to best follow the van's shape

4. A wide range of **ACCESSORIES** allows to complete the lay-out

EASY TO DESIGN

Go to our site **matrixgb.usag.it** to try it or frame the QR code

WITH THE CONFIGURATOR YOU CAN EQUIP YOUR VAN AS YOU WANT!

1. **SIMPLE AND INTUITIVE**
   Place the modules as you like inside your van
2. **IT WORKS ONLINE**
   No installation required; compatible with the most popular browsers
3. **PROJECT IN A CLICK**
   Save your project and export it to PDF or Excel to get a quote from your Reseller

If you want, we can check your project for free:
Send the excel, Pdf, or .mtx files saved with the configurator at our address **matrix@mygts.net.**

CONDIZIONI GENERALI DI VENDITA STANLEY BLACK & DECKER ITALIA SRL (ESPORTAZIONE)

1. NORMATIVA CONTRATTUALE

1.1 Le ordinazioni sono assunte da **Stanley Black & Decker Italia SRL** (in seguito "il Venditore") alle condizioni sotto specificate che si intendono accettate dal Compratore con il conferimento dell'ordine. Eventuali deroghe alle stesse saranno efficaci solo se concordate per iscritto tra le parti. Tutti i contratti di vendita fra le parti, nonché le presenti Condizioni Generali, saranno disciplinati dalla legge italiana ed in particolare dalla la Convenzione delle Nazioni Unite sui contratti di vendita internazionale di merci, firmata a Vienna l'11 aprile 1980. Fa fede unicamente il testo in lingua italiana delle presenti Condizioni Generali.

1.2 Qualsiasi riferimento ad eventuali termini commerciali (ad es. Franco Fabbrica, FOB, CIP, ecc.) si intenderà fatto agli Incoterms della Camera di Commercio Internazionale, nel testo in vigore al momento della conclusione del contratto di vendita.

2. CARATTERISTICHE DEI PRODOTTI

2.1 I pesi, le dimensioni, i prezzi, i colori e gli altri dati figuranti nei cataloghi, prospetti, circolari, od altri documenti illustrativi del Venditore, hanno carattere di indicazioni approssimative.

2.2 Il Venditore si riserva di variare in qualsiasi momento, senza preavviso, i dati tecnici o costruttivi dei suoi Prodotti.

3. ORDINI - RIMANENZE - CONFEZIONI E IMBALLO

3.1 Salvo quanto indicato al punto 4.1, gli ordini sono irrevocabili da parte del Compratore. Il Venditore può accettare l'ordine mediante spedizione della merce, conformemente all'art. 1327 c.c..

3.2 Il Venditore ha la facoltà di evadere l'ordine solo in parte o in diverse riprese. Nel caso di evasione incompleta dell'ordine, sarà inviata una DISTINTA RIMANENZE aggiornata che annulla ogni eventuale distinta precedente. I Prodotti non inviati verranno inclusi, nei limiti delle disponibilità, nella spedizione successiva.

3.3 Nell'ordine dev'essere specificato il codice dell'articolo e le relative quantità omettendo di indicare prezzi, sconto e condizioni di pagamento (specificare solo: "Condizioni in vigore").

3.4 I quantitativi, per ogni articolo e misura, debbono essere ordinati attenendosi alle confezioni standard del Venditore, come indicato nell'apposita colonna del listino del Venditore. Imballi particolari verranno fatturati al costo. Il Venditore si riserva il diritto di evadere l'ordine in base alle proprie confezioni standard anche quando tali confezioni non corrispondano all'ordine.
Qualora il compratore desideri ordinare quantità diverse dall'unità di confezionamento previste, il costo del servizio viene addebitato nella misura forfettaria del 6% in sede di fatturazione.

4. TERMINI DI CONSEGNA

4.1 I termini di consegna eventualmente concordati dalle parti sono computati per giorni lavorativi. Essi hanno natura meramente indicativa e non vincolano quindi il Venditore. Tuttavia, in presenza di un ritardo imputabile al Venditore che superi i 120 giorni, il Compratore potrà risolvere il contratto di vendita relativamente ai Prodotti di cui la consegna è ritardata con un preavviso di 20 giorni, da comunicarsi per iscritto (anche via telefax) al Venditore.

4.2 Non si considera imputabile al Venditore l'eventuale ritardo dovuto a cause di forza maggiore o ad atti od omissioni del Compratore.

4.3 Salvo il caso di dolo o colpa grave del Venditore, è espressamente escluso qualsiasi risarcimento del danno per mancata o ritardata consegna dei Prodotti.

5. RESA E SPEDIZIONE – RISERVA DI PROPRIETÀ

5.1 Salvo patto contrario, la fornitura dei Prodotti s'intende Franco Fabbrica e ciò anche quando sia convenuto che la spedizione o parte di essa venga curata dal Venditore. La consegna avverrà quindi a tutti gli effetti presso lo stabilimento del venditore all'atto del caricamento sul mezzo del primo trasportatore.

5.2 I rischi passano al compratore al più tardi con la consegna della merce al primo trasportatore.

6. RECLAMI

6.1 Eventuali reclami relativi allo stato dell'imballo, quantità o caratteristiche esteriori dei Prodotti (vizi apparenti), dovranno essere notificati al Venditore per iscritto, a pena di decadenza, entro 8 giorni dalla data di ricevimento dei Prodotti. Inoltre, ove la merce o il relativo imballaggio risultino danneggiati o in presenza di merce mancante, il Compratore è tenuto a formulare le riserve del caso nei confronti del trasportatore, secondo le forme previste per la modalità di trasporto utilizzata.

6.2 Eventuali reclami relativi a difetti non individuabili mediante un diligente controllo al momento del ricevimento (vizi occulti) dovranno essere notificati al Venditore, a pena di decadenza, entro 8 giorni dalla data della scoperta del difetto e comunque non oltre dodici mesi dalla consegna. Il reclamo dovrà specificare con precisione il difetto riscontrato ed i Prodotti cui esso si riferisce.

6.3 È inteso che eventuali reclami o contestazioni non danno diritto al Compratore di sospendere o comunque ritardare i pagamenti dei Prodotti oggetto di contestazione, né, tanto meno, di altre forniture. Inoltre il Compratore non potrà effettuare resi di merce senza preventivo accordo tra le parti.

7. GARANZIA PER VIZI

7.1 Il Venditore si impegna a porre rimedio a qualsiasi difetto di conformità (vizio) dei Prodotti a lui imputabile, verificatosi entro dodici mesi dalla consegna dei Prodotti, purché lo stesso gli sia stato notificato tempestivamente in conformità all'art. 6. In tal caso il Venditore provvederà, a sua scelta, alla sostituzione o riparazione dei Prodotti risultati difettosi. La suddetta garanzia non si applica a Prodotti che presentano normale usura, segni di manomissione o di uso improprio. La suddetta garanzia non si applica ai prodotti di consumo, ossia i prodotti (o parti di prodotti) che si usurano o si danneggiano per effetto del normale utilizzo, come ad esempio guarnizioni, cuscinetti, lame di seghe, pile e batterie. Le spese di trasporto dei Prodotti da sostituire o riparare e dei Prodotti sostituiti o riparati sono a carico del Compratore.

7.2 Salvo il caso di dolo o colpa grave, il Venditore sarà tenuto, in caso di difetto di conformità (vizi) dei Prodotti, unicamente alla riparazione o sostituzione dei Prodotti difettosi. È inteso che la suddetta garanzia (consistente nell'obbligo di riparare o sostituire i Prodotti) è assorbente e sostitutiva delle garanzie o responsabilità previste per legge, ed esclude ogni altra responsabilità del Venditore (sia contrattuale che extracontrattuale) comunque originata dai Prodotti forniti (ad es. risarcimento del danno, mancato guadagno, ecc.).

7.3 Il Compratore accetta di assumere in via esclusiva la responsabilità per eventuali obblighi derivanti da azioni intentate da successivi venditori (in via diretta o di regresso) ai sensi degli artt. 1519-bis c.c. (o di analoghe norma di altro Stato membro dell'Unione Europea, basate sulla direttiva europea 1999/44/CE del 25 maggio 1999). Pertanto le parti convengono espressamente di escludere qualsiasi diritto di regresso nei confronti del Venditore ai sensi dell'art. 1519-quinquies c.c. (o di analoga norma di altro Stato membro basata sulla direttiva 1999/44/CE) da parte del Compratore che abbia posto rimedio ad un difetto di conformità nei confronti del consumatore (o che abbia subito il regresso di un successivo venditore per tale ragione). Inoltre il Compratore si impegna a tenere il Venditore indenne da qualsiasi azione di regresso che quest'ultimo possa subire da eventuali successivi acquirenti del Compratore.

8. PREZZI

8.1 Salvo patto contrario, i prezzi sono quelli riportati nel listino ufficiale del venditore, si intendono franco fabbrica, imballo normale compreso. Tali prezzi possono essere modificati in ogni momento dal Venditore.

8.2 I prezzi si intendono al netto dell'IVA, di eventuali imposte o tasse, nonché di tributi, diritti ed oneri fiscali o di qualsiasi specie eventualmente gravanti sul contratto.

9. CONDIZIONI DI PAGAMENTO

9.1 Il pagamento dev'essere fatto esclusivamente al Venditore alle condizioni convenute.

9.2 Sconti per pagamenti a ricevimento fattura vanno calcolati sull'importo netto della merce, escluso imballo, spese postali o di trasporto e IVA. Trascorsi 15 giorni dalla data della fattura o dal periodo concordato, si intende revocato il beneficio dello sconto condizionato e pertanto la rimessa va effettuata per il totale della fattura.

9.3 In caso di ritardo di pagamento rispetto alla data pattuita, il Compratore sarà tenuto a corrispondere al Venditore un interesse di mora pari al tasso d'interesse del principale strumento di rifinanziamento della Banca centrale europea, più sette punti percentuali, conformemente all'art. 4 del decreto legisl. n. 231 del 9 ottobre 2002 che attua la direttiva CE 35/2000. L'eventuale ritardo di pagamento superiore a 30 gg. dalla data indicata in fattura darà al Venditore il diritto di risolvere il contratto, con facoltà di trattenere la parte di prezzo pagata e di pretendere la restituzione dei Prodotti forniti, a cura e spese del Compratore, oltre il risarcimento dell'eventuale danno.

9.4 Il Compratore non è autorizzato ad effettuare alcuna deduzione dal prezzo pattuito (ad es. in caso di pretesi difetti dei Prodotti), se non previo accordo scritto con il Venditore.

9.5 Qualora il Venditore abbia motivo di temere che il Compratore non possa o non intenda pagare i Prodotti alla data pattuita, egli potrà subordinare la consegna dei Prodotti alla prestazione di adeguate garanzie di pagamento (ad es. fideiussione o garanzia bancaria). Inoltre, in caso di ritardi di pagamento, il Venditore potrà modificare unilateralmente i termini di eventuali altre forniture e/o sospenderne l'esecuzione fino all'ottenimento di adeguate garanzie di pagamento.

9.6 Il Venditore si riserva la possibilità di annullare o non considerare eventuali ordini anche già confermati in caso di ritardi o mancati pagamenti da parte del Compratore.

10. FORO COMPETENTE

Per ogni controversia derivante dal contratto o ad esso collegata sarà esclusivamente competente il foro di Monza (Italia); tuttavia, in deroga a quanto sopra, il Venditore avrà sempre la facoltà di adire il foro del Compratore.

STANLEY BLACK & DECKER ITALIA GENERAL CONDITIONS OF SALE (EXPORT)

1. APPLICABLE RULES

1.1 Orders are received by **Stanley Black & Decker Italia SRL** (hereafter "the Seller") at the conditions specified hereunder, which are deemed to have been accepted by the Seller by placing the order. Any derogation from the above conditions may be effective only if agreed upon in writing between the parties. All contracts of sale between the parties as well as these general conditions of sale are governed by the laws of Italy and in particular by the United Nations Convention on the International Sales of Goods, signed in Vienna on the 11th of April 1980. The Italian text of the present General Conditions shall be the only authentic text.

1.2 Any reference made to trade terms (such as EXW, FOB, CIP, etc.) is deemed to be made to the Incoterms published by the International Chamber of Commerce and current at the date of conclusion of the sales contract.

2. CHARACTERISTICS OF THE PRODUCTS

2.1 Weights, dimensions, prices, colours and other data contained in catalogues, prospects, circulars or other descriptive documents of the Seller shall all constitute an approximate indication only.

2.2 The Seller reserves the right to modify, at any time, without notice, the technical and construction data of its Products.

3. ORDERS – BACK-ORDER PRODUCTS – PACKAGING AND PACKING

3.1 Save as indicated under clause 4.1, the orders are irrevocable for the Purchaser. The Seller is entitled to accept the order by delivering the goods, in conformity with Article 1327 of the Italian civil code.

3.2 The Seller may perform the order partially or in different instalments. If the order is carried out only partially, the Seller will enclose an updated list of back-order Products which replaces any previous list. The Products not sent will be included, as far as available, in the following shipment.

3.3 The order must specify the reference number of each article and the respective quantities without indication of the price, discount and payment conditions (only specify "Conditions in force").

3.4 The quantities, for each article and size, must be ordered in conformity with the standard packings of the Seller, as indicated in the proper column of the Seller's price list. The Seller reserves the right to carry out the order according to its standard packings, even where these standard packings do not conform to the order. Special packaging will be invoiced at cost.
If the buyer wishes to order different quantities from the packaging unit provided, the service cost is charged at a flat rate of 6% upon billing.

4. DELIVERY TERMS

4.1 Delivery terms which the parties may have agreed will be calculated in working days. Such terms are merely indicative and do consequently not bind the Seller. However, should a delay in delivery for which the Seller is liable exceed 120 days, the Purchaser will be entitled to terminate the sales contract with respect to the Products the delivery of which is delayed, by giving the Seller a 20 days' prior notice in writing (also by telefax).

4.2 A delay due to force majeure or to acts or omissions of the Purchaser shall not be considered as a delay for which the Seller is liable.

4.3 Except in case of fraud or gross negligence of the Seller, any claim for damages arising out of non-delivery of or delay in delivery is expressly excluded.

5. DELIVERY AND SHIPMENT – RESERVATION OF TITLE

5.1 Unless otherwise agreed, the supply shall be deemed to be made Ex-Works (EXW) even if it is agreed that the shipment has to be carried out totally or in part by the Seller. Delivery will consequently take place for all effects at the Seller's premises when the goods are loaded on the means of transportation of the first carrier.

5.2 The risks shall pass to the Purchaser at the latest when the Products are handed over to the first carrier.

6. COMPLAINTS

6.1 Any complaints concerning the conditions of packing, quantity or outward features of the Products (apparent defects) must be notified to the Seller in writing within 8 days from receipt of the Products; failing such notification the Purchaser's right to claim the above defects will be forfeited. Furthermore, if the goods or respective packing are damaged or if some goods are missing, the Purchaser must make the necessary reservations towards the carrier, in conformity with the formalities required for the respective mode of transportation.

6.2 Any complaints relating to defects which cannot be discovered on the basis of a careful inspection upon receipt (hidden defects) must be notified to the Seller in writing within 8 days from discovery of the defect and in any case not later than twelve months from delivery; failing such notification the Purchaser's right to claim the above defects will be forfeited. The notice must indicate precisely the defect and the Products to which it refers.

6.3 It is agreed that no complaints or objections entitle the Purchaser to suspend or to delay payment of the Products as well as payment of any other supplies. Furthermore, no returns of Products may be made by the Purchaser without prior agreement between the parties.

7. GUARANTEE FOR DEFECTS

7.1 The Seller undertakes to remedy any non-conformity (defect) of the Products for which he is liable, occurring within twelve months from delivery of the Products, provided he has been notified timely about such defect according to Article 6. In such case the Seller will, at his choice, either replace or repair the Products which result to be defective. This guarantee does not apply to Products showing normal wear and tear or signs of alteration or improper use. This guarantee does not apply to the so-called consume products, i.e., products (or parts of products) that are subject to wear or that are damaged as consequence of the normal use such as, for example, gaskets, bearings, saw blades and batteries. The transport cost of the Products to be replaced or repaired or having been replaced or repaired are for the Purchaser's account.

7.2 Except in case of fraud or gross negligence, the Seller's only obligation in case of non-conformity (defects) of the Products will be that of replacing or repairing the defective Products. It is agreed that the above mentioned guarantee (i.e. the obligation to repair or to replace the Products) is in lieu of any other legal guarantee or liability with the exclusion of any other Seller's liability (both contractual or extra-contractual) which may arise from the Products supplied (e.g. compensation of damages, loss of profit, etc.).

7.3 The Purchaser accepts to assume the exclusive responsibility for any obligation arising out of possible claims made by subsequent purchasers (whether direct or by way of redress) under articles 1519-bis and following of the Italian civil code (or under similar provisions of other member States of the European Union, based on the European directive 1999/44/CE of 25 May 1999). Consequently the parties expressly agree to exclude any right of redress against the Seller by the Purchaser, when the latter has remedied a non-conformity in favour of a consumer (or has suffered an action in redress by a subsequent seller), in conformity with Article 1519-quinquies of the Italian civil code (or any other similar provision of another member State based on directive 1999/44/CE). Furthermore, the Purchaser agrees to hold the Seller harmless against any action in redress he may suffer from possible subsequent buyers of the Purchaser.

8. PRICES

8.1 Unless otherwise agreed, prices are those stated on the official price-list of the Seller, they are to be considered Ex-Works, normal packing included. Such prices may be changed at any moment by the Seller

8.2 The prices are net of VAT and of possible taxes or other fiscal charges or duties of any kind which may be due with respect to the contract.

9. PAYMENT CONDITIONS

9.1 Payment must be made exclusively to the Seller at the agreed conditions.

9.2 Discounts for payments made on the receipt of invoices are calculated on the net amount of the goods excluding packing, postage or transport and VAT. After fifteen days have elapsed from the date of the invoice or the period agreed, the benefit of the conditional discount is considered null and payment must be made for the invoice total.

9.3 Should payment be delayed with respect to the agreed date, the Purchaser shall pay to the Seller interest for late payment at a rate corresponding to the interest rate applied by the European Central Bank to its main refinancing operations plus seven percentage points, in conformity with Article 4 of decree n. 231 of 9 October 2002 which implements the EC Directive 35/2000. Should the delay exceed 30 days from the date indicated in the invoice, the Seller will be entitled to terminate the contract, to retain the part of the price already paid and to claim the return, at the Purchaser's expense, of the Products delivered, plus possible damages.

9.4 The Purchaser is not authorised to make any deduction from the agreed price (e.g. if he pretends that the goods are defective), unless agreed in writing with the Seller.

9.5 Should the Seller have reasons to fear that the Purchaser cannot or does not intend to pay the Products on the agreed date, he may make delivery dependant on obtaining an appropriate payment guarantee (e.g. surety or bank guarantee). Furthermore the Seller may, in case of delayed payment, unilaterally modify the terms of payment of other supplies and/or suspend their performance until he obtains appropriate payment guarantees.

9.6 The Seller reserves the right to cancel or not consider any orders, even those already confirmed, in the event of delays or non-payments by the Purchaser.

10. JURISDICTION

The Courts of Monza (Italy) shall have exclusive jurisdiction with respect to any dispute arising out of or in connection with this contract; however, as an exception to the above, the Seller is in any case entitled to bring an action before the competent Courts at the seat of the Purchaser.

CONDICIONES GENERALES DE VENTA STANLEY BLACK & DECKER ITALIA SRL (EXPORTACIÓN)

1. NORMATIVA CONTRACTUAL

1.1 **Stanley Black & Decker Italia SRL**, de aquí en adelante llamado "el vendedor", asumirá los pedidos en las condiciones abajo especificadas, las que se entenderán aceptadas por el comprador desde el momento de la entrega del pedido. Eventuales excepciones a lo antedicho sólo tendrán valor cuando las partes las hayan acordado por escrito. Todos los contratos de venta entre las partes como así también las presentes Condiciones Generales se regirán por la ley italiana y, en particular, por la Convención de las Naciones Unidas sobre Contratos de Venta Internacional de Mercaderías, suscrita en Viena el 11 de abril de 1980. Para todos los efectos legales derivados del presente contrato hará fe única y exclusivamente el texto en lengua italiana de las presentes Condiciones Generales.

1.2 Cualquier referencia a eventuales términos comerciales (por ej.: Ex-fábrica, FOB, CIP, etc.) se entenderá hecha según los Incoterms de la Cámara de Comercio Internacional, considerando el texto vigente en el momento de la celebración del contrato de venta.

2. CARACTERÍSTICAS DE LOS PRODUCTOS

2.1 Los pesos, las dimensiones, los precios, los colores y los demás datos que figuren en los catálogos, folletos, circulares u otros documentos ilustrativos del vendedor, tendrán el carácter de indicaciones meramente aproximativas.

2.2 El vendedor se reserva la facultad de cambiar en cualquier momento y sin aviso previo, los datos técnicos o de fabricación de sus productos.

3. PEDIDOS, SALDOS, ENVASES Y EMBALAJES

3.1 Con la sola excepción contemplada en el punto 4.1, los pedidos efectuados por el comprador serán irrevocables. El vendedor podrá aceptar el pedido mediante la expedición de la mercadería, de conformidad con lo dispuesto por el art. 1327 del C.C.

3.2 El vendedor se reserva la facultad de despachar sólo parcialmente el pedido o mediante varios envíos parciales. En caso de expedición sólo parcial del pedido, se enviará una LISTA DE SALDO actualizada, que anulará toda eventual lista precedente. Los productos incluidos en la lista antedicha serán despachados, dentro de los límites de disponibilidad, en la expedición sucesiva.

3.3 En el pedido se deberá especificar el código del artículo y la respectiva cantidad, omitiendo las indicaciones de precio, descuento y condiciones de pago (especificar sólo: "Condiciones vigentes").

3.4 Las cantidades relativas a cada artículo y tamaño deberán ser pedidas ateniéndose a los envases estándar del vendedor y de la forma indicada en la respectiva columna de la lista del vendedor. El Vendedor se reserva el derecho de realizar los pedidos en función de sus envases estándares aunque estos envases no correspondan a el pedido. Los embalajes especiales serán facturados al costo.
Si un comprador desea solicitar cantidades distintas a las suministradas en las unidades de embalaje, por este servicio se aplica una tarifa fija del 6 % sobre el importe de la factura.

4. PLAZOS DE ENTREGA

4.1 Los plazos de entrega eventualmente concertados por las partes se contarán considerando sólo los días de trabajo. Dichos plazos tendrán un carácter meramente ilustrativo y, por lo tanto, no serán obligatorios para el vendedor. Sin embargo, en caso de retrasos imputables al vendedor que superen los 120 días, el comprador podrá revocar el contrato de venta -sólo respecto de los productos cuya entrega haya sufrido retraso- mediante un pre-aviso de veinte días que deberá enviar por escrito al vendedor (incluso mediante fax).

4.2 No será imputable al vendedor el eventual retraso debido a fuerza mayor o a actos u omisiones del comprador.

4.3 Salvo en caso de dolo o culpa grave del vendedor, queda expresamente excluido del presente contrato cualquier tipo de resarcimiento por daños debidos a retraso o falta de entrega de los productos.

5. ENTREGA Y EXPEDICIÓN. RESERVA DE PROPIEDAD

5.1 Salvo pacto en contrario, la entrega de los productos se entiende Ex-fábrica, aun cuando se haya acordado que la expedición o parte de ésta será de cargo del vendedor. La entrega se entenderá efectuada, para todos los efectos legales a que hubiera lugar, en el establecimiento del vendedor y al momento de efectuar la carga en el vehículo del primer transportista.

5.2 Los riesgos serán de cargo del comprador, a contar de la entrega de la mercadería al primer transportista.

6. RECLAMACIONES

6.1 Eventuales reclamos relativos al estado del embalaje, cantidad o características exteriores de los productos (vicios aparentes), deberán notificarse por escrito al vendedor, dentro de los 8 días siguientes a la fecha de recepción de los productos, so pena de caducidad. Además, en caso de que la mercadería o su respectivo embalaje resulten dañados o bien en caso de falta de mercadería, el comprador deberá formular las reservas del caso al transportista respetando las formas previstas para la modalidad de transporte utilizado.

6.2 Eventuales reclamos relativos a defectos imposibles de identificar mediante un control diligente efectuado en el momento de la recepción (vicios ocultos) deberán notificarse al vendedor, so pena de caducidad, dentro de los 8 días siguientes a la fecha en que dichos defectos hayan sido descubiertos y, en ningún caso, más allá de doce meses, contados desde la fecha de entrega. En el reclamo se deberá especificar con precisión el defecto encontrado y los productos a los cuales se refiere.

6.3 Se establece que eventuales reclamos o impugnaciones no facultarán al comprador para suspender o retardar el pago de los productos objeto de impugnación ni, menos aún, el pago relativo a otras entregas. Además, el comprador tampoco podrá efectuar devolución de la mercadería sin previo acuerdo de ambas partes.

7. GARANTÍA RELATIVA A DEFECTOS DE LOS PRODUCTOS

7.1 El vendedor se obliga a subsanar cualquier defecto de conformidad (vicio) de los productos que le sea imputable y que se verifique dentro del plazo de doce meses, contados desde la fecha de entrega de los productos, siempre y cuando dicho defecto se le notifique oportunamente, de conformidad con lo dispuesto por el art. 6°. En este caso, el vendedor procederá, a su elección, a la sustitución o reparación de los productos que resulten defectuosos. Dicha garantía no se aplicará a productos que presenten desgaste normal o señales de haber sido alterados ni en caso de uso impropio de los mismos. Dicha garantía no se aplicará a productos desgastados por efecto de normal empleo como, por ejemplo, guarniciones, hojas de sierra, cojinetes, pilas y baterías. Los gastos de transporte tanto de los productos que se deban sustituir o reparar como de los productos sustituidos o reparados serán de cargo del comprador.

7.2 Salvo el caso de dolo o culpa grave, si existiera algún defecto de conformidad (vicios) de los productos, el vendedor estará obligado sólo a la reparación o sustitución de los productos defectuosos. Se establece que esta garantía (consistente en la obligación de reparar o sustituir los productos) es extintiva y sustitutiva de las garantías o responsabilidades previstas por la ley y excluye cualquier otro tipo de responsabilidad del vendedor (tanto contractual como extracontractual) que pudiera derivar de la entrega de los productos (por ej.: resarcimiento de daños, ausencia de ganancias, etc.).

7.3 El comprador acepta asumirse de modo exclusivo la responsabilidad por eventuales obligaciones derivadas de acciones ejercidas por vendedores sucesivos (por vía directa o por derecho de reembolso), de conformidad con lo dispuesto por el art. 1519-bis del C.C. (o por normas análogas de otro Estado miembro de la Unión Europea, basadas en la directiva europea 1999/44/CE del 25 de mayo de 1999). Por lo tanto, las partes acuerdan expresamente liberar al vendedor de cualquier eventual obligación de reembolso, de conformidad con lo establecido por el art. 1519-quinquies del C.C. (o por normas análogas de otro Estado miembro, basadas en la directiva 1999/44/CE) respecto del comprador que haya subsanado un defecto de conformidad respecto del consumidor (o al que un vendedor sucesivo le haya solicitado el reembolso por dicha razón). Además, el comprador se obliga a liberar al vendedor respecto de cualquier acción de reembolso que en contra de éste último pudieren intentar eventuales sucesivos adquirentes del comprador.

8. PRECIOS

8.1 Salvo pacto en contrario, los precios son los de la lista de precios oficial del Vendedor, se entienden Ex-fábrica, embalaje normal incluido. Dichos precios podrán ser modificados en cualquier momento por el vendedor.

8.2 Los precios se entienden sin IVA incluido (IVA aparte) y sin eventuales impuestos o tasas, como así también de tributos, derechos o cargas fiscales o de cualquier otra especie que eventualmente graven el contrato.

9. CONDICIONES DE PAGO

9.1 El pago deberá ser efectuado exclusivamente al vendedor, de conformidad con las condiciones convenidas.

9.2 Los descuentos previstos para los pagos efectuados inmediatamente después de haberse recibido la factura, serán calculados sobre el importe neto de la mercadería, excluidos el embalaje, los gastos de correo y/o transporte y el IVA. Transcurridos 15 días desde la fecha de la factura -o del período convenido en su caso- sin que se haya efectuado el pago, se entenderá caducado el beneficio del descuento condicionado y, por lo tanto, el pago deberá efectuarse por el valor total de la factura.

9.3 En caso de existir retraso en el pago con respecto a la fecha pactada, el comprador deberá pagar al vendedor un interés de mora equivalente a la tasa de interés del principal instrumento de refinanciación del Banco Central Europeo más el 7%, de conformidad con lo dispuesto por el art. 4° del Decreto legisl. N° 231 del 9 de octubre de 2002, aplicativo de la directiva CE 35/2000. El eventual retraso de pago que supere en la medida de 30 días la fecha indicada en la factura, facultará al vendedor para revocar el contrato, retener para sí la parte del precio que haya sido pagada y demandar la restitución por cuenta y cargo del comprador de los productos suministrados, además del resarcimiento de los eventuales daños.

9.4 El comprador no está autorizado para efectuar deducción alguna sobre el precio pactado (por ej.: en caso de supuestos defectos de los productos), sin previo acuerdo manifestado por el vendedor por escrito.

9.5 En caso de que el vendedor tenga motivos suficientes para temer que el comprador no pueda o no quiera pagar el precio de los productos en la fecha pactada, podrá subordinar la entrega de los productos al otorgamiento de adecuadas garantías de pago (por ej.: fianza o garantía bancaria). Asimismo, en caso de retrasos en el pago, el vendedor podrá modificar unilateralmente las condiciones de otros eventuales suministros y/o suspender su ejecución hasta obtener adecuadas garantías de pago.

9.6 El Vendedor se reserva el derecho de cancelar o no considerar cualquier pedido, incluso los ya confirmados, en caso de retrasos o impagos por parte del Comprador.

10. TRIBUNAL COMPETENTE

En caso de verificarse cualquier controversia derivada de la interpretación y/o aplicación del presente contrato, será exclusivamente competente para conocer de ella el tribunal de Monza (Italia). No obstante lo anterior, el vendedor tendrá siempre la facultad de recurrir al tribunal del domicilio del comprador.

CONDITIONS GENERALES DE VENTE STANLEY BLACK & DECKER ITALIA SRL (EXPORTATION)

1. NORMES APPLICABLES

1.1 Les commandes sont acceptés par **Stanley Black & Decker Italia SRL** (par la suite "le Vendeur") aux conditions spécifiées ci-après qui sont considérées acceptées par l'Acheteur avec le placement de la commande. D'éventuelles dérogations à ces conditions générales ne seront valables que si elles auront été convenues par écrit entre les parties. Tous les contrats de vente entre les parties ainsi que ces Conditions Générales seront régies par la loi italienne et en particulier par la Convention des Nations Unies sur les contrats internationaux de vente de marchandises (signée à Vienne le 11 avril 1980. Le texte en langue italienne des présentes Conditions Générales est le seul faisant foi.

1.2 Toute référence à des termes commerciaux (par ex. EXW, FOB, CIP etc.) sera interprétée comme une référence aux Incoterms de la Chambre de Commerce Internationale, dans le texte en vigueur à la date de conclusion du contrat de vente.

2. CARACTÉRISTIQUES DES PRODUITS

2.1 Les poids, dimensions, prix, couleurs et autres données figurant dans les catalogues, prospectus, circulaires ou autres documents illustratifs du Vendeur ne constituent que des indications approximatives.

2.2 Le Vendeur se réserve de modifier à tout moment, sans préavis, les données techniques et constructives de ses Produits.

3. COMMANDES - RELIQUATS - CONDITIONNEMENT ET EMBALLAGE

3.1 Sauf ce qui est indiqué à la clause 4.1, les commandes sont irrévocables pour l'Acheteur. Le Vendeur a la faculté d'accepter la commande en expédiant les marchandises, conformément à l'article 1327 du code civil italien.

3.2 Le Vendeur pourra exécuter la commande partiellement ou à plusieurs reprises. Dans le cas d'exécution partielle de la commande le Vendeur attachera une liste mise à jour des Produits reliquats qui remplacera toute liste précédente. Les Produits non envoyés seront inclus, dans la mesure des disponibilités, dans la livraison suivante.

3.3 La commande devra spécifier le code de l'article et les quantités respectives, sans indication des prix, rabais et conditions de paiement (spécifier seulement "Conditions en vigueur").

3.4 Les quantités devront être commandées, pour chaque article et mesure, en respectant les conditionnements standard du Vendeur, comme indiqué dans la colonne correspondante de la liste de prix du Vendeur. Le Vendeur se réserve le droit d'exécuter la commande conformément à ses conditionnements standard même lorsque ces conditionnements ne se conforment pas à la commande. Des emballages particuliers seront facturés au coût.
Si l'acheteur souhaite commander des quantités différentes de celles du conditionnement proposé, les frais de service sont imputés à un taux forfaitaire de 6% à la facturation.

4. DÉLAIS DE LIVRAISON

4.1 Les délais de livraison éventuellement convenus entre les parties sont calculés en jours ouvrables. Ils sont purement indicatifs et ne lient par conséquent pas le Vendeur. Toutefois en présence d'un retard imputable au Vendeur excédant les 120 jours, l'Acheteur pourra résilier le contrat de vente pour les Produits dont la livraison est retardée avec un préavis de 20 jours qui devra être communiqué au Vendeur par écrit (aussi par telefax).

4.2 N'est pas considéré imputable au Vendeur le retard éventuel dû à force majeure ou résultant d'agissements ou d'omissions imputables à l'Acheteur.

4.3 Sauf fraude ou faute lourde du Vendeur, toute prétention de l'Acheteur au titre de préjudice résultant d'une absence de fourniture ou d'une fourniture tardive est expressément exclue.

5. LIVRAISON ET TRANSPORT – RÉSERVE DE PROPRIÉTÉ

5.1 Sauf convention contraire, la livraison sera présumée être faite Ex-Works (EXW), même s'il est convenu que le transport doit être opéré totalement ou partiellement par le Vendeur. La livraison aura lieu à tous effets auprès de l'établissement du Vendeur lorsque les Produits sont chargés sur le moyen de transport du premier transporteur

5.2 Le risque passera à l'Acheteur au plus tard lorsque le Vendeur remet les Produits au premier transporteur.

6. RÉCLAMATIONS

6.1 Toute réclamation concernant l'état de l'emballage, les quantités ou les caractéristiques extérieures des Produits (vices apparents) devra être notifiée au Vendeur, par écrit, dans les 8 jours suivant la date de réception des Produits; à défaut d'une telle notification l'Acheteur ne pourra invoquer ce type de défaut. En outre, s'il apparaît que les marchandises ou les emballages sont endommagés ou en cas des Produits manquants, l'Acheteur devra formuler envers le transporteur les réserves appropriées selon les formes prévues pour le moyen de transport utilisé.

6.2 Toute réclamation relative à des défauts ne pouvant pas être reconnus au terme d'une inspection diligente au moment de la réception (vices cachés) devra être notifiée au Vendeur, par écrit, dans les 8 jours suivant la constatation du défaut et en tout état de cause, dans les douze mois suivant la livraison. En l'absence d'une telle notification l'Acheteur ne pourra invoquer le défaut en question. La réclamation devra spécifier avec précision le défaut et les Produits auxquels il se réfère.

6.3 Il est convenu que toute réclamation ou plainte émise par l'Acheteur ne saurait lui permettre de suspendre ou de retarder le paiement des Produits objet de la contestation de même que le paiement de toute autre fourniture. En outre l'Acheteur ne pourra pas effectuer aucune restitution des Produits sans accord préalable des parties.

7. GARANTIES

7.1 Le Vendeur s'engage à remédier à toute non conformité (vice) des Produits dont il serait responsable et qui apparaîtrait dans les douze mois après leur livraison, sous condition que celle-ci lui ait été notifié en temps utile conformément à l'article 6. Dans ce cas le Vendeur remplacera ou réparera, à son choix, les Produits résultant défectueux. Cette garantie ne s'applique pas aux Produits présentant une usure normale ou des signes d'altération ou d'usage impropre. Cette garantie ne concerne pas les produits de consommation, c'est à dire les produits (ou parts de produits) sujets à usure ou bien qui s'endommagent pour effet du normal emploi comme, par exemple, garnitures, roulements, lames de scie, piles et batteries. Les frais de transport des Produits à remplacer ou à réparer, et des Produits remplacés ou réparés, sont à la charge de l'Acheteur.

7.2 Sauf fraude ou faute lourde du Vendeur, la seule obligation du Vendeur en cas de non conformité (vices) des Produits sera de réparer ou de remplacer les Produits défectueux. Il est convenu que les garanties ci-dessus (c'est-à-dire de réparer ou de remplacer les Produits) excluent toute autre obligation à titre de la garantie ou responsabilité légale ainsi que toute autre responsabilité (soit contractuelle qu'extracontractuelle) du Vendeur qui pourrait être mise en jeu par le fait des Produits livrés (par exemple réparation du préjudice, perte de profit, etc...).

7.3 L'Acheteur accepte d'assumer en voie exclusive la responsabilité pour toute obligation découlant d'éventuelles actions (directes ou en voie de regrès) engagée par des acheteurs successifs, basée sur les articles 1519-bis et suivants du code civil italien (ou sur des dispositions analogues d'autres Etats membres de l'Union Européenne, en application de la directive européenne 1999/44/CE du 25 mai 1999). Par conséquent les parties conviennent d'exclure tout droit de regrès envers le Vendeur basé sur l'art. 1519-quinquies du code civil italien (ou sur une disposition analogue de la loi d'un autre Etat membre, basée sur la directive 1999/44/CE) par l'Acheteur qui aurait remédié à une non conformité envers le consommateur (ou qui aurait subi le regrès d'un vendeur successif pour la même raison). En outre l'Acheteur s'engage à tenir le Vendeur indemne contre toute action de regrès qui pourrait être intentée contre lui par d'éventuels acheteurs successifs de l'Acheteur.

8. PRIX

8.1 Sauf convention contraire, les prix sont ceux indiqués sur le Tarif officiel du Vendeur et sont considérés Ex-Works, avec l'emballage normal. Ces prix peuvent être modifiés à tout moment par le Vendeur.

8.2 Les prix sont au net de la TVA et d'éventuelles taxes ou impôts, droits ou charges fiscales de tout genre qui pourraient s'appliquer au contrat.

9. CONDITIONS DE PAIEMENT

9.1 Le paiement doit être fait exclusivement au Vendeur aux conditions convenues.

9.2 Remises pour paiements à réception facture doivent être calculées sur le montant net de la marchandise, sauf emballage, frais postaux ou de transport et TVA. Après 15 jours de la date de facture ou du délai établi par les parties la remise conditionnée sera révoquée et le paiement devra être effectué sur le montant total de la facture.

9.3 En cas de retard de paiement par rapport à la date convenue, l'Acheteur devra payer au Vendeur des intérêts de retard correspondant au taux d'intérêt de la principale facilité de refinancement de la Banque centrale européenne majoré de sept points, conformément à l'article 4 du décret n. 231 du 9 octobre 2002 qui donne application à la directive européenne CE 35/2000. Si le retard dépasse les 30 jours suivant la date de paiement indiquée dans la facture, le Vendeur aura le droit de résilier le contrat, de retenir la partie du prix payée et de prétendre la restitution, aux soins et dépenses de l'Acheteur, des Produits fournis, outre la réparation d'éventuels dommages.

9.4 L'Acheteur n'est autorisé à effectuer aucune déduction du prix convenu (par ex. en cas de prétendus défauts des Produits), sauf en cas d'accord écrit préalable avec le Vendeur.

9.5 Au cas où le Vendeur aurait des raisons de redouter que l'Acheteur ne puisse pas ou n'ait pas l'intention de payer à la date convenue, il pourra subordonner la livraison à l'octroi de garanties de paiement appropriées (par exemple sûreté ou garantie bancaire). En outre, le Vendeur pourra, en cas de retards de paiement, modifier unilatéralement les termes d'autres fournitures et/ou en suspendre l'exécution jusqu'à l'obtention de garanties de paiement appropriées.

9.6 Le Vendeur se réserve le droit d'annuler ou de ne pas prendre en compte toute commande, même déjà confirmée, en cas de retard ou de non-paiement de l'Acheteur.

10. JURIDICTION COMPÉTENTE

Les tribunaux de Monza seront exclusivement compétents pour trancher tout différend survenant du fait ou en rapport avec ce contrat. Cependant, par exception, le Vendeur est habilité, en tout état de cause, à agir devant des juridictions compétentes du siège de l'Acheteur.

ALWAYS IN YOUR HANDS

Serving those who work since 1926

Each one of our tools is born from the meeting of traditional craftsmanship and technological innovation, offering precision, reliability, and safety in every action.
Since a century, we are supporting professionals and enthusiasts who build, repair, and transform the world around us.
USAG is a history of quality products, innovative ideas, and a constant focus on the future. But above all, it is a history of people who, every day, dedicate themselves with passion to give their best at work-just like you!

100 Anni 1926
